IASB meetings on the comprehensive review of the *IFRS for SMEs*

At its January 2015 meeting the IASB discussed an issue that had arisen during the balloting process of the

forthcoming amendments to the *IFRS for SMEs*. The issue related to the transition requirements for the option to use the revaluation model for property, plant and equipment. The IASB decided to require prospective application of the option to use the revaluation model from the beginning of the period in which the entity first adopts the amendments. The amendments are expected to be issued in the first half of 2015.

The IASB plans to discuss the procedures surrounding future reviews of the *IFRS for SMEs* at its February 2015 meeting.

Adoption of the *IFRS for SMEs* in Uruguay

In October 2014, the Uruguayan Government approved decree No. 291/14, effective for fiscal years beginning on or after 1 January 2015 with early adoption permitted.

Decree 291/014 requires the *IFRS for SMEs* (at the date of the decree, translated into Spanish and published on the website of the Internal Audit Office of Uruguay) to be applied by SMEs that:

1. Do not have public accountability in accordance with the provisions of Section 1 of the *IFRS for SMEs*.
2. Annual net operating income does not exceed \$U200,000 (approximately US\$8,000).
3. Total indebtedness to entities controlled by the Central Bank of Uruguay (CBU), in any time of year, do not exceed 5% of the Net Asset Value for Financial Accountability (a regulatory measure imposed by the CBU).
4. Do not have participation of the state (as defined by a decree from 2002).
5. Do not control or controlled by entities excluded by the preceding items.

The decree adds a few further requirements for those SMEs, including permitting the use of the revaluation model for property, plant and equipment (in IAS 16) and capitalisation of borrowing costs (in line with IAS 23).

SMEs meeting the requirements in paragraphs 1-5 are also permitted to apply full IFRSs instead of the *IFRS for SMEs*.
